

The Eye of Magog

After two wonderful days in Ireland with his fourteen year old daughter Kylee, Daniel Richards is convinced they will finally have a normal daddy-daughter vacation. Then, inexplicably, Kylee is enlisted to find an ancient Gaelic talisman needed to complete a ritual started centuries earlier. With a young mans very existence in jeopardy, the Richards throw themselves head first into their latest adventure to help; not knowing whom they can trust along the way. It becomes a race against time as deception, greed, and treachery motivate those who want to find the Eye of Magog for themselves.
