Product Description London and the South West are the hunting ground of a serial killer. The brutal killer, nicknamed The Clock, hunts young men in their thirties, kills them and turns their dismembered bodies into macabre clock faces. DCI Paul Webb, a detective obsessed with his ex-lover, needs help to get inside the killers mind. Along comes Dr Kirill Fedorov, a man who believes he can stop disturbed children becoming serial killers. Dr Fedorov persuades Luke Wind, the only British child he treated, that he can help the police track down their serial killer. But when the killings start to look personal, Luke starts to doubt hes been cured after all... **Reader Reviews** A clever and truly surprising crime thriller. So good it made me a crime novel fan.
