

Haunted Otero: Ghost Tales From the American Southwest

Based on actual reports of paranormal activity. During the 19th and 20th century, the Hacienda de Otero and surrounding ranch grounds were the target of repeated Apache Indian attacks. Historic documents confirm at least two documented murders during these attacks. Staff and visitors of the Tubac Golf Resort & Spa, a Historic Hotels of American Member, have disclosed their experiences of why the resort may be one of the most haunted sites in southern Arizona. You will hear about cowboys who refuse to leave the ranch and about the spirit of a murdered boy that has been heard and seen playing inside the Hacienda. A real historic site, the Otero ranch land was part of a Spanish land grant issued in 1789.
