

Docs Last Stand

For Cassidy Davidson, life couldn't get much better. Wolf Creek, her writers resort, is finally functioning in the black financially, her novel is on the Best Sellers List, and in one month, she is going to marry Steve, the cowboy next door. Her life is as close to perfect as it can possibly be. Jack Doc Ransom has retired from the Air Force. He is flying home to open a clinic on the reservation outside Sedona, Arizona, when he notices the image of the only woman he has ever loved on the back of a novel. A woman who mysteriously disappeared from his life four years ago without so much as a goodbye. Leo Davidson has been dead for six years, but that isn't going to stop him. Before he died, he had arranged for his widow to marry his best friend, had arranged their meeting that day, and Dag Nabbit, that is exactly what Cassidy is going to do, even if he has to personally walk her down that aisle himself.
