

Trilogy of Awareness

Three stories that inspire the imagination, awaken the heart and give a glimpse of the eternity within us all. Written in the early 1990s, these stories are a message from my heart to yours that says to awaken from your sleep and remember who you are. Each story is about YOU and me. Lost in a world of beliefs and searching for meaning and purpose, we play roles until we reach a point where we cant anymore live a lie. Then, when it seems all hope is gone and it feels like weve struggled forever, a ray of light or awareness surfaces from within us and begins to guide us home.
